

April 9, 1929.

Mr. John H. Clark,
Panguitch, Utah.

Dear Sir:

Boulder
RE: ~~DEER~~ CREEK DIST.

Your letter of April 4 came duly to hand and yesterday I had a call from Mr. Hansen. Mr. Hansen seemed wholly in the dark as to what he wished me to do and so the matter has not been advanced.

I explained to Mr. Hansen that this office could take little responsibility as to Articles of Incorporation and also that this was an item concerning which legal advice should be had. As far as distribution details are concerned these seemed to be covered in my letter of Jan. 11, 1929, to Mr. W. A. Wilson who has been active in this proposition.

Yours very truly,

State Engineer.
